

# John Suyang

Junior Full-Stack Web Developer

Pandi, Bulacan 3014 | johnsuyang2118@gmail.com | +63 921 869 5758

## Professional Summary

Passionate Full-Stack Web Developer with hands-on experience in both front-end and back-end development. Skilled in building responsive web applications using modern JavaScript frameworks and efficient server-side technologies. I'm eager to contribute to projects that make a real-world impact and continuously grow as a developer in a collaborative environment

## Technical Skills

**Frontend:** React.js, HTML, CSS, Bootstrap, JavaScript

**Backend:** Node.js, Express.js, PHP, Laravel

**Databases:** MySQL, MongoDB

**Software and Tools:** Git and Github, vscode, nginx, Amazon EC2

## Work Experience

### Junior Full-Stack Developer — ASG Platform

*December 2022 – April 2024*

- Joined a competitive developer training program with coaching and project-based learning.
- Built and maintained internal web apps: Employee Time Tracker, Bingo Game, HR System, Text-to-Speech App.
- Collaborated with developers and leads in an agile environment.

### Web Developer — POSBANG Corporation

*October 2021 – January 2022*

- Enhanced and optimized existing applications with QA testers and project managers.
- Participated in debugging, testing, and performance improvements.
- Contributed to documentation and technical discussions.

### Web Developer & Technical Support — Divine Word College of Legazpi

*August 2019 – February 2021*

- Designed, implemented, and maintained the official school website.
- Provided IT support for software/hardware issues.
- Managed system administration and website performance.

## Education

Bachelor of Science in Information Technology (BSIT)

Divine Word College of Legazpi — June 2015 – April 2019
